Form No. MR-3 SECRETARIAL AUDIT REPORT

For the Financial Year ended March 31, 2024

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Polylink Polymers (India) Limited
Ahmedabad, Gujarat

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Polylink Polymers (India) Limited (herein after called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on March 31, 2024 complied with the statutory provisions listed hereunder as applicable to the company and also that the Company has proper board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter and **Annexure- "A"** attached hereto.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the company for the financial year ended on March 31, 2024 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;

CORPORATE GOVERNANCE REPORT

(Pursuant to Schedule V of the SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015)

In accordance with the Provision of Companies act, 2013 (the act) and Regulation 34 read with Schedule V of SEBI (Listing Obligation and Disclosure Requirement) Regulations, 2015, (Listing Regulations) the Report containing the details of Corporate Governance systems and process at Polylink Polymers (India) Limited (PPIL) is as under:

I. Company's Philosophy on Corporate Governance

The Company's philosophy on corporate governance oversees business strategies and ensures fiscal accountability, ethical corporate behavior and fairness to all stakeholders comprising regulators, employees, customers, vendors, investors and the society at large.

Corporate governance philosophy of PPIL flows from the "Spirit of PPIL" which represents core values by which policies and practices of the organization are guided. These values encapsulated in the "Spirit of PPIL".

Corporate governance at PPIL is implemented through robust board governance processes, internal control systems and processes, and strong audit mechanisms. These are articulated through Company's Code of Business Conduct, Corporate Governance Guidelines and charters of various subcommittees of the Board and Company's Disclosure Policy. PPIL's corporate governance practices can be described through the following four layers:

- Governance by Shareholders,
- Governance by Board of Directors
- Governance by Sub-committees of Board, and
- Governance through management process, i.e., Internal Control and Checks.

In this report, we have provided details on how the corporate governance principles are put into practice within the Company.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The information required in compliance of Regulation 34 (2) (C) read with Schedule V (B) of SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018 and forming a part of the Director Report for the Year ended 31st March 2024 had given separately in annexure/s.

OVERVIEW OF THE ECONOMY AND INDUSTRIAL STRUCTURE AND DEVELOPMENTS

ECONOMIC OVERVIEW

GLOBAL ECONOMY

The Global economic uncertainty remains elevated; China facing deflation, real estate problems, and FDI declines, EU growth stagnates, and US high-interest environment beginning to impact households and companies. Consumers remain upbeat as retail sales in main economies have experienced steady growth, despite elevated prices and interest rate environment. India's Interim Union Budget (delivered February 1, 2024) presented GDP growth projections of 7.3% for 2023–24.1 Capital expenditure outlay for the next year is being increased by 11.1%; fiscal deficit is estimated at 5.1% of GDP; 2014–23 marked a golden era for FDI investments with treaties being negotiated to sustain growth (Source – Mckinsey Global Economics Intelligence executive summary, Feb 2024)

In the face of these challenges, policymakers around the world are prioritising sustained disinflation. Achieving this goal will require the deployment of macro-prudential tools and the strengthening of debt restructuring frameworks. Fiscal support should be better targeted at those most affected by elevated food and energy prices, and broad-based relief measures should be withdrawn.

INDIAN ECONOMY

India's Interim Union Budget (delivered February 1, 2024) presented GDP growth projections of 7.3% for 2023–24.1 Capital expenditure outlay for the next year is being increased by 11.1%; fiscal deficit is estimated at 5.1% of GDP; 2014–23 marked a golden era for FDI investments with treaties being negotiated to sustain growth. Industrial production grew by 3.8% in December, with equity indexes complementing this growth to rise by 2–3% in February 2024 GDP growth projections for 2023–24 is 7.3%; manufacturing and services PMI expanded; unemployment rate fell; RBI keeps interest rates on hold.

Overall, the Indian economy has been led by private consumption and capital formation, which have helped generate employment and support growth. With a vigorous credit disbursement and capital investment cycle expected to unfold in FY24, the economy is expected to see further expansion, supported by the strengthening of corporate and banking sectors. The expansion of public digital platforms and other measures to boost manufacturing output are expected to provide additional support to economic growth in the coming years.

OVERVIEW OF PLASTIC INDUSTRY

Between 1990 and 2021, plastic consumption in India increased 23-fold to roughly 21 million tons. This rapid increase saw per capita plastic consumption rise from just one kilogram per inhabitant to 15 kilograms. India accounts for approximately six percent of global plastics use, making it the third-largest consumer of this material behind China and the United States. Factors such as economic growth and population growth are expected to drive plastics use in the coming decades, with projections showing plastics consumption in India could rise to more than 160 million metric tons by 2060. This would see the country's share of global plastic consumption more than double compared to current levels. Source <https://www.statista.com/topics/6902/plastic-industry-in-india/#topicOverview>

Polymers are used to produce products across a broad spectrum of other industries that cover almost every domain of life, such as household items, automobiles, packaging, electrical and electronics, among many. Source <https://www.statista.com/topics/6902/plastic-industry-in-india/#topicOverview>

The plastic market in India is set to grow at a CAGR of 8.49% from US\$ 45.7 billion in 2019 to reach US\$ 73.4 billion by 2025, driven by increasing demand for consumer goods and packaging materials coupled with government initiatives towards the promotion of sanitation and hygiene practices. Source <https://www.statista.com/topics/6902/plastic-industry-in-india/#topicOverview>

Reliance Industries is India's largest manufacturer of polymers, with the multinational conglomerate accounting for almost 50 percent of the country's polyolefins production capacity as of 2022. Reliance Industries had the largest production capacity for various polymers in India at that time, including polypropylene (PP) and polyethylene terephthalate (PET). Some of India's leading plastic PET bottle, jar, and container companies include TPL Plastech and Hitech Corporation, the latter of which is a leading manufacturer of rigid plastic packaging in the country, and had a market

cap of almost four billion Indian Rupees as of November 2022. Other major plastic product manufacturers in India include Supreme Industries and Nikamal.

India Plastics Market was worth US\$ 43.68 Bn in 2023 and total revenue is expected to grow at a rate of 6.6% CAGR from 2024 to 2030, reaching almost US \$ 68.33 Bn in 2030. Source **India Plastics Market: Industry Analysis and Forecast (2024-2030) (maximizemarketresearch.com)**

Indian plastics industry also delivers plastic materials to many other industry such as automotive, consumer packaging, & electronics. Over the past few decades, the demand for Plastic has developed by 8 percent yearly. A similar development rate is anticipated to continue during the forecast period. The progress rate of the plastics industry in India is among the top in the world, with plastics consumption rising at 16 percent per year. Considering a rising middle class with low per capita consumption of plastics. This high progress rate is expected to continue, as the per capita consumption of plastics will certainly increase. Although India's plastics industry has been hit by the nation's general economic emergency over the past 2 years, with the weakening rupee, underlying economic movement rests strong as the use of plastic is increasing in more & more segments, opening new markets & substituting traditional materials. OPPERTUNITY AND THREATS

OPPORTUNITY

There is immense scope for growth, considering the existing supply and demand mismatch, and knowing the fact that the consumption of Masterbatch in India is voluminously larger as compared to the combined output of the domestic manufacturers.

THREATS

Due to lockdown measures implemented across countries worldwide amid covid19 outbreak there has been significant impact on all industries including that of polymers where manufacturing processes have been disrupted and consumer spending habits are now changed. Consumers have become more conscious about their health and hygiene as well as being value seeking as they look to protect themselves from the consequences of the pandemic.

The Raw Material Prices mainly Depends upon uncertainties like Ukraine- Russia War, Exchange Rate and Petroleum Prices which frequent fluctuation the probability. Further the higher ocean fright are key reason to explore the Export market.

SEGMENT-WISE PERFORMANCE

During the Year under review, your Company was operating only in one segment.

OUTLOOK

India Plastics Market was worth US\$ 43.68 Bn in 2023 and total revenue is expected to grow at a rate of 6.6% CAGR from 2024 to 2030, reaching almost US \$ 68.33 Bn in 2030. Source **India Plastics Market: Industry Analysis and Forecast (2024-2030) (maximizemarketresearch.com)**

It has also been an opportunity to reflect on the significant progress already realised over more than a decade of multilateral discussions on addressing the tax challenges arising from digitalisation and globalisation of the economy. Advances in global tax co-operation have included the minimum standards agreed in the initial BEPS project: reforming harmful tax practices, reducing treaty abuse, improving dispute resolution, and increasing tax transparency through the exchange of country-by-country reporting on the largest multinationals, where we remain committed to ensuring that all countries can benefit. Importantly, the Global Minimum Tax agreed under Pillar Two is in the process of coming into force in countries worldwide and will raise significant revenues of up to USD 192 billion per year for both developed and developing countries. With the significance of these achievements in mind, the OECD will continue to support the Members of the Inclusive Framework toward a successful conclusion of their necessary work. (Source – OECD)

On the external front, risks to the current account balance stem from multiple sources. While commodity prices have retreated from record highs, they are still above pre-conflict levels. Strong domestic demand amidst high commodity prices will raise India's total import bill and contribute to unfavorable developments in the current account balance.

These may be exacerbated by plateauing export growth on account of slackening global demand. Should the current account deficit widen further, the currency may come under depreciation pressure. Entrenched inflation may prolong the tightening cycle, and therefore, borrowing costs may stay 'higher for longer. In such a scenario, global economy may be characterised by low growth in FY24.

However, the scenario of subdued global growth presents two silver linings – oil prices will stay low, and India's CAD will be better than currently projected. The overall external situation will remain manageable. Further, the world is trying to de-dollarize the international market amid a global economic slowdown and Indian Rupee is now going global as 18 countries have agreed to trade in Rupee, which will reduce the trade related transaction costs, boost trade and reduce India's trade deficit

Independent Auditor's Report

To the Members of
Polylink Polymers (India) Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Polylink Polymers (India) Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2024, the Statement of Profit and Loss (including other comprehensive income), the Statement of Cash flows and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of the material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements read together with other notes thereon, give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the state of the affairs of the company as at March 31, 2024, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of the most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and

presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order issued by the Central Government of India in terms of

section 143(11) of the Act, we give in the “Annexure A”, a statement on the matters specified in the paragraph 3 and 4 of the order, to the extent applicable.

2. (A) As required by Section 143 (3) of the Act, based on our audit we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of cash flows and the statement of changes in equity dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rule issued thereunder.
 - (e) On the basis of the written representations received from the directors as on April 01, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in “Annexure B”.
 - (g) With respect to the other matters to be included in the Auditor’s report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to explanations given to us, the managerial remuneration for the year ended March 31, 2024, has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act.
- (B) with respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.
 - (c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv) (a) and (iv) (b) contain any material mis-statement.

- v. The Company has neither declared nor paid any dividend during the year.
- vi. Based on our examination, which included test checks, the Company has used an accounting software for maintaining its books of account for the financial year ended March 31, 2024, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

Annexure-A to the Independent Auditor's report

With reference to the 'Annexure A' referred to in the Independent Auditors' Report to the Members of **Polylink Polymers (India) Limited** ('the Company') on the financial statements for the year ended March 31, 2024, we report the following:

- (i) (a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and relevant details of right-of-use assets.
B. The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified every year. In accordance with this programme, property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) and intangible assets during the year.
- (e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventories were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks are in agreement with the books of account of the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii) (f) of the Order are not applicable to the Company.
- (iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments, nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- (vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Companies Act, 2013 for the products manufactured by it (and/or services provided by it). Accordingly, clause 3(vi) of the Order is not applicable.
- (vii) (a) The Company has been generally regular in depositing undisputed statutory dues, including Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, cess and any other material statutory dues applicable to it to the appropriate authorities.

- (b) There were no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2024, for a period of more than six months from the date they became payable.
 - (c) According to the information and explanations given to us, there are no dues in respect of Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, Cess and other statutory dues which have not been deposited with the appropriate authorities on account of any dispute.
- (viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.
- (ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to banks during the year. The Company has not taken any loans or borrowings from financial institutions and Government.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a willful defaulter by any bank or financial institution or government or government authority.
 - (c) In our opinion and according to the information and explanations given to us, the Company has utilized the money obtained by way of term loans during the year for the purposes for which it was obtained.
 - (d) According to the information and explanations given to us and on an overall examination of the balance sheet of the company, we report that no funds raised on short-term basis have been used for long-term purposes by the company.
 - (e) The Company does not hold any investment in any subsidiary, associate or joint venture (as defined under Companies Act, 2013) during the year ended 31 March 2024. Accordingly, clause 3(ix)(e) is not applicable.
 - (f) According to the information and explanations given to us and procedures performed by us, we report that the company does not have any subsidiary, associate or joint venture (as defined under Companies Act, 2013). Accordingly, clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) Accordingly, clause 3(x)(a) of the Order is not applicable.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.
- (xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.
 - (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
 - (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and therefore, the provisions of clause 3 (xii) of the said Order are not applicable to the Company.
- (xiii) As per the information and explanations and records made available by the management of the Company and audit procedure performed, for the related party transactions entered during the year, the Company has complied with the provisions of Section 177 and 188 of the Act, where applicable. As explained and as per records / details of such related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

- (xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the Company issued till date for the period under audit.

- (xvii) The Company has not incurred any cash losses in the financial year and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly this clause is not applicable / paragraph 3(xviii) of the Order is not applicable.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) Section 135 of the Companies Act, 2013 is not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure 'B' to the Independent Auditor's Report

Report on the Internal Financial Controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to the financial statements of Polylink Polymers (India) Limited ("the Company") as of March 31, 2024, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control with reference to the financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the financial statements included obtaining an understanding of internal financial controls with reference to the financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the financial statements.

Meaning of Internal Financial Controls with reference to the financial statements

A company's internal financial control with reference to the financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to the financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to the financial statements

Because of the inherent limitations of internal financial controls with reference to the financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the financial statements to future periods are subject to the risk that the internal financial control with reference to the financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to the financial statements and such internal financial controls with reference to the financial statements were operating effectively as of March 31, 2024, based on the internal financial controls with reference to the financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the financial statements for the Year Ended March 31, 2024

1.1 Corporate information

Polylink Polymers (India) Limited (“the Company”) is a Public Limited Company domiciled in India, incorporated under the provisions of Companies Act, 1956. Its shares are listed on Bombay Stock Exchange Limited. The company is engaged in the manufacture and sale of polymeric compounds and colour masterbatches.

These Financial Statements were authorised for issue in accordance with a resolution of the Board of Directors of the Company in their meeting held on May 29, 2024.

1.2 Basis of preparation

These Financial Statements (‘financial statements’) have been prepared in accordance Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013 (IND AS compliant Schedule III), to the extent applicable.

The financial statements have been prepared on an accrual basis and under the historical cost basis, except for the certain financial assets and financial liabilities which have been measured at fair value as per the requirements of the Ind AS.

The preparation of these financial statements requires the use of certain significant accounting estimates and judgements. It also requires the management to exercise judgement in applying the Company’s accounting policies. The areas where estimates are significant to the financial statements, or areas involving a higher degree of judgement or complexity, are disclosed in note 1.4.

1.3 Significant accounting policies

(a) Basis of measurement

The Financial statements have been prepared under historical cost convention on accrual basis, except for the items that have been measured at fair value as required by relevant Ind AS.

These financial statements are presented in Indian Rupees (₹), which is the Company’s functional and presentation currency and all the amounts included in the financial statements are reported in lakhs of Indian Rupees (₹), except per share data and unless stated otherwise and rounded off to two decimal places to the nearest lakh.

(b) Current versus non-current classification

All the assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and other criteria set out in Schedule III to the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalent, the Company has ascertained the operating cycle to be 12 months.

(c) Foreign exchange transactions

Transactions in foreign currencies are translated into the respective functional currencies of the Company at the exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Foreign currency differences are generally recognised in profit or loss. Non-monetary items that are measured based on historical cost in a foreign currency are translated using the exchange rate as at the date of the transaction.

(d) Revenue recognition

The Company derives revenues primarily from sale of manufactured goods. As per IND AS 115 - Revenue from Contracts with Customers, entity shall recognize revenue when (or as) the entity satisfies a performance obligation by transferring a promised good or service.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services. The control of the products and services were transfer at a time, where in performance obligation and Control of goods or services transferred over a time.

Sale of goods

Sale of goods in case of domestic customer, generally performance obligation satisfied and transferred the control when goods are dispatched or delivery is handed over to transporter, in case of export customers, generally performance obligation satisfied and transferred the control, when goods are shipped onboard based on bill of lading.

Sale of services

Revenue from services is recognised in the accounting period in which the services are rendered.

Export incentives

Export Incentives under various schemes are accounted in the year of export.

Interest income

Interest income is recorded using the effective interest rate (EIR) method.

Rental income

Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms.

(e) Income Taxes

The income tax expense comprise of current and deferred income tax.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with the Income Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in India.

Current income tax relating to items recognised outside profit and loss is recognised outside profit and loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the Balance sheet and the corresponding tax bases used in the computation of taxable profit and are accounted for using the liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognised for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that in future taxable profits will be available to set off such deductible temporary differences. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off set, and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilized.

Minimum Alternate Tax (MAT)

Minimum Alternative Tax (MAT) is applicable to the Company. Credit of MAT is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the profit and loss account and shown as MAT credit entitlement.

(f) Property, plant and equipment ('PPE')

Property, Plant and Equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

Cost of an item of PPE comprises of its purchase price including import duties and non-refundable purchase taxes after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and present value of estimated costs of dismantling and removing the item and restoring the site on which it is located

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the

Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

The Assets' residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate. Depreciation on PPE is provided on straight line basis using the useful lives as specified in Part C of Schedule II of the Companies Act, 2013.

Freehold land is not depreciated.

Property, plant and equipment are eliminated from financial statement, either on disposal or when retired from active use. Losses arising in the case of retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in the statement of profit and loss in the year of occurrence.

(g) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(h) Impairment of non-financial assets

An asset is considered as impaired when at the date of Balance Sheet there are indications of impairment and the carrying amount of the asset, or where applicable the cash generating unit to which the asset belongs exceeds its recoverable amount (i.e. the higher of the net asset selling price and value in use). The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the Statement of Profit and Loss. The impairment loss recognized in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

(i) Leases

The Company's lease asset classes primarily consist of leases for Office buildings. The Company, at the inception of a contract, assesses whether the contract is a lease or not lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense over the lease term.

(j) Inventories

Inventories are valued at the lower of cost and net realisable value.

Raw materials and stores and spares are valued at lower of cost and net realizable value. However,

materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials and stores and spares is determined on First in first Out (FIFO) basis.

Finished goods are valued at lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty, wherever applicable. Cost is determined on a weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(k) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

(l) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(m) Provisions and Contingencies

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each reporting period and are adjusted to reflect the current best estimate.

Contingencies

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognized in financial statements but are disclosed, if any.

(n) Employee benefits

All employee benefits payable wholly within twelve months of rendering the services are classified as short term employee benefits, which include benefits like salaries, wages, short term compensated absences, performance incentives, etc. and are recognized as expenses in the period in which the employee renders the related service and measured accordingly.

Defined Contribution Plan

Employee benefits in the form of Provident Fund (with Government Authorities) are considered as defined contribution plan and the contributions are charged to the statement of Profit & Loss of the year when the contributions to the respective funds are due.

Defined Benefit Plan

Retirement benefit in the form of Gratuity is considered as defined benefit obligations and are provided for on the basis of an actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet.

Actuarial Gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income (OCI) in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

All other expenses related to defined benefit plans are recognized in Statement of Profit and Loss as employee benefits expense.

Other long-term employee benefits

All employee benefits (other than postemployment benefits and termination benefits) which do not fall due wholly within twelve months after the end of the period in which the employees render the related services

are determined based on actuarial valuation or discounted present value method carried out at each balance sheet date. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary as at 31st March every year using projected unit credit method on the additional amount expected to be paid / availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognised in the period in which the absences occur.

(o) Financial instruments – initial recognition, subsequent measurement and impairment

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All the financial assets and liabilities are recognized at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss, are added to the fair value on initial recognition.

Subsequent measurement

i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss.

ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates that are solely payments of principal and interest on principal amount outstanding. Further in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments the subsequent changes in fair value are recognized in other comprehensive income.

iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair value through profit or loss.

Financial liabilities

Financial liabilities include long term and short term loan and borrowings, trade and other payables and other eligible current and non-current liabilities.

All financial liabilities recognized initially at fair value and, in the case of loans and borrowing and other payable, net of directly attributable transaction costs. After initial recognition, financial liabilities are classified under one of the following two categories:

i) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial measurement recognition at fair value through profit or loss. Financial liabilities at fair value through profit or loss are at each reporting date at fair value with all the changes recognized in the Statement of Profit and Loss.

ii) financial liabilities measured at amortised cost

After initial recognition, such financial liabilities are subsequently measured at amortized cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of financial liability. The EIR amortization is included in finance expense in the profit and loss.

De-recognition of financial instruments

The company derecognizes a financial assets when the contractual rights to the cash flows from the financial assets expire or it transfers the financial assets and the transfer qualifies for de-recognition under Ind AS 109. A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires.

(p) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss attributable to equity holder of the Company by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

1.4 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a) Property, plant and equipment

Useful lives of property plant and equipment are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II for plant and machinery, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support. External adviser and internal technical team assessed the useful lives, residual value and fair value of property, plant and equipment as on 1st April 2016. Management believes that the assigned useful lives and residual value are reasonable.

b) Income taxes

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

c) Provisions and Contingencies

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

d) Insurance claims

Insurance claims are recognised when the Company have reasonable certainty of recovery. Subsequently any change in recoverability is provided for.

e) Recoverability of trade receivables

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

f) Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

g) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible,

but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

Changes in assumptions about these factors could affect the reported fair value of financial instruments.

1.5 Recent pronouncements

The following Indian Accounting Standards have been modified on miscellaneous issues with effect from April 1, 2023. Such changes include clarification/guidance on:

- (i) **Ind AS 101 – First time adoption of Ind AS** – Deferred tax assets and deferred tax liabilities to be recognized for all temporary differences associated with right-of-use assets, lease liabilities, decommissioning / restoration / similar liabilities.
- (ii) **Ind AS 107 – Financial Instruments: Disclosures** – Information about the measurement basis for financial instruments shall be disclosed as part of material accounting policy information.
- (iii) **Ind AS 1 – Presentation of Financial Statements & Ind AS 34 – Interim Financial Reporting** – Material accounting policy information (including focus on how an entity applied the requirements of Ind AS) shall be disclosed instead of significant accounting policies as part of financial statements.
- (iv) **Ind AS 8 – Accounting policies, changes in accounting estimate and errors** – Clarification on what constitutes an accounting estimate provided.
- (v) **Ind AS 12 – Income Taxes** – In case of a transaction which give rise to equal taxable and deductible temporary differences, the initial recognition exemption from deferred tax is no longer applicable and deferred tax liability & deferred tax asset shall be recognized on gross basis for such cases.

None of the above amendments had any material effect on the company's financial statements, except for disclosure of Material Accounting Policies instead of Significant Accounting Policies in the Financial Statements.

33 Employee benefits:

A. Defined Contribution Plans - General Description

Provident Fund

The Company makes contribution towards employees' provident fund . Under the schemes, the Company is required to contribute a specified percentage of payroll cost, as specified in the rules of the schemes to these defined contribution schemes.

The Company has contributed the following amounts to:

(₹ in lakhs)

Particulars	Year Ended March 31, 2024	Year Ended March 31, 2023
Employers contribution to Provident fund (including Employee's Pension Scheme 1995)	10.59	9.52
Total	10.59	9.52

B. Defined Benefit Plans - General Description

Gratuity (Funded with L.I.C as group gratuity policy):

The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the Act, employees who have completed five years of service are entitled to specific benefit. The level of benefit provided depends on the member's length of service and salary retirement age. The employee is entitled to a benefit equivalent to 15 days salary last drawn for each completed year of service or part thereof in excess of six months. The same is payable on termination of service or retirement or death whichever is earlier.

The present value of the obligation under such defined benefit plan is determined based on an actuarial valuation as at the reporting date using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligations are measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans is based on the market yields on Government bonds as at the date of actuarial valuation. Actuarial gains and losses (net of tax) are recognised immediately in the Other Comprehensive Income (OCI).

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values :-

- 1) Fair valuation of trade receivables, Cash and cash equivalents, other bank balances, loans & advances, trade payables and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- 2) Fair value of borrowings from banks, are estimated by discounting future cash flows using rates currently available for debt on similar terms and remaining maturities.
- 3) For Security Deposits received, the valuation model considers present value of expected payments discounted using an appropriate discounting rate.
- 4) Fair value of security deposits given approximates the carrying value and hence, the valuation technique and inputs have not been given.

Notes to the financial statements for the Year Ended March 31, 2024

Fair value hierarchy:

All financial instruments for which fair value is measured in the financial statements are categorised within the fair value hierarchy, described as follows:-

Level 1: This level of hierarchy includes financial assets that are measured by reference to quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: This level of hierarchy includes financial assets that are measured using inputs, other than quoted prices included within level 1, that are observable for such items, directly or indirectly.

Level 3: This level of hierarchy includes items measured using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data.

* Management has assessed that trade receivables, Cash and cash equivalents, other bank balances, loans & advances, trade payables and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

36 Financial risk management objectives and policies:

The Company's principal financial liabilities comprise of borrowings from banks, trade payables and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include trade and other receivables, other bank balances and cash and cash equivalent that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is responsible to ensure that Company's financial risk activities which are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

In the event of crisis caused due to external factors such as caused by recent pandemic "COVID-19", the management assesses the recoverability of its assets, maturity of its liabilities to factor it in cash flow forecast to ensure there is enough liquidity in these situations through internal and external source of funds.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

(a) Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market price. Market risk comprise of interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk.

The sensitivity analysis in the following sections relate to the position as at March 31, 2024 and March 31, 2023.

(i) Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rate relates to floating rate debt obligations. For floating rate borrowings, the sensitivity analysis is prepared assuming 0.5% change in the interest rate on average borrowings for the year. The Company's borrowing during the current year comprised of vehicle loans which carries fixed rate of interest, which do not expose it to interest rate risk.

(iii) Commodity price risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the purchase of raw material therefore, requires a continuous supply of certain raw materials. To mitigate the commodity price risk, the Company has an approved supplier base to get competitive prices for the commodities and to assess the market to manage the cost without any compromise on quality.

(b) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks. Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on all customers requiring credit over a certain amount.

Trade receivables

Trade receivables are subject to credit limits, controls and approval processes. Basis the historical experience, the risk of default in case of trade receivables is low. Provision is made for doubtful receivables on individual basis depending on the customer ageing, customer category, specific credit circumstances and the historical experience of the Company.
